File Name	:	GOOD MAN Deliverable 5.3
Revision	:	0.3
Project Acronym	:	GOOD MAN
Project Title	:	Agent oriented zero defect multi-stage manufacturing
Grant Agreement n.	:	723764
Call	:	H2020-IND-CE-2016-17
Project Duration	:	36 months, from 01/10/2016 to 30/09/2019
Website	:	GOOD MAN-project.eu

Executive Summary

Deliverable D5.3 concludes the WP5 (Integrate ZDM Tools in Multi-Stage Production Line) describing the approach followed for the harmonization of the results coming from the R&D WPs (WP2, WP3 and WP4) and their integration in a single solution.

Particular attention is given to the generalization of the developed architecture in order to apply the same solution in different production environments (also outside the use cases involved in the project).
